LOCAL LAND OFFICE SHOWS INCREASES IN EVERY DEPARTMENT

The efforts of the provincial government and the other various bodies which are endeavoring by logical methods to get the people on the land are apparently bearing fruit, as the business of the dominion land office for the month just past shows a considerable increase over the same month in 1913, although immigration is not so great and smaller volumes of business are reported in almost

Last month 686 homesteads were filed on in the Edmonton district, which, by the way, does not include the Peace River country, there being also offices at Grande Prairie and Grouard. In April, 1913, the number was 634, or an increase for this year of 52. In March, 1914, 436 were filed on; in March, 1913, 325, another big increase.

Last month 128 applications for patents were recommended, or just two below the number for April, 1913; 7,218 letters were received as against 6,303 a year ago, and 11,024 letters were sent out, compared with 10,754 for April, 1913.

A charge of pointing a revolver at Hotel Policeman O. Julien is being heard in the city police court today before Magistrate Massie against A. B. Wylie, a member of the provincial police force. There are two counter-charges against Julien of assaulting Wylie and causing him serious injury.

The case has aroused a good deal of interest. Mr. McCaffray is prosecuting Wylie on behalf of the city police, while A. G. MacKay is defending and will also conduct the prosecution against Julien on charges of assault.

It is contended by the defense that Wylie pulled the gun out of his pocket in self defense when Julien took hold of him. Wylie was employed in the hotel. Wylie was employed in the campaign against certain city clubs, and had gone into the bar with a number of friends, including one of the members of the clubs, and who was going to introduce him at the club in question. While there a disturbance arose between Wylie and a man named Malley, who, it is suggested, had been having a drink with the hotel constable Julien. Following angry conversation between the two, Malley and Halley, the latter walked around the bar to where Hackett was standing with Wylie.

At this stage, according to the evidence, Julien caught hold of Wylie and

bar to the door. Wylie then said that he would go out alone if Julien would follow him. Julien agreed to go with him in the bar at the time, told Julien that that would be satisfactory, and asked Wylie to go with him to the bar. Thereupon Wylie, it is alleged, drew the gun, saying that he did so in self defense.

Wylie Locked Up.

Julien then telephoned for the patrol car. When the patrol car arrived, he then went outside to arrest Wylie, whereupon Wylie turned upon the constable and threatened to shoot him. He then proceeded, with the help of two other men, to take Julien to the police station. When they arrived at the station, the three men pushed him down and tore his clothes. Two of the men then took him to the police station and, according to Julien's story, Wylie also tried to get out of the car. He was then taken back then locked up in the cells by the city police, and was not liberated till the

Asked by Mr. McCaffray if he handled accused roughly, Julien replied: "I never even tried to slap him, or nothing; I was too kind to him and I am sorry for it."

In answer to Mr. MacKay Julien stated that he had been policeman at the King Edward hotel for two months. When Hackett and the accused came in he was standing against the bar. Asked if he was having a drink with Malloy, he replied: "Maybe I was, and

maybe I was not." He denied that he was worse for liquor. Malley was not so much worse for liquor as Hackett. Malley told Hackett he "would beat his head off." Hackett then spoke to the manager. Malley went over towards Hackett and witness followed. He denied that he struck Wylie at the back of the head. Witness stated that he did not see Wylie's detective's badge. He

There was a conflict between the evidence of Julien and another constable, C. F. Newell, with regard to the accused's provincial detective's badge. Julien stated that accused had it

SUNSHINE IN EDMONTON EVERY DAY LAST MONTH!

THERE was sunshine in Edmonton every day last month! During none of the thirty days ending yesterday did Old Sol forget to direct his beneficial rays down on that part of dear old mother earth which makes Alberta famous. No long, cloudy days in Edmonton—this was the report given out this morning by the meteorological station here. One traveler from the coast said this morning that it did him good to breathe the air of Edmonton, which he described as a "precious boon."

OFFICIAL CENSUS TAKING IS BEGUN IN THE FORENOON

Twenty-two Men Start Work on the North and the South Sides of City.

FORTY-SIX MORE WILL BE ENGAGED TOMORROW

Assessor Walker Makes a Statement Regarding Effect on Voters' List.

City Assessor Walker today stated that 22 men had started to work on the census this morning. These men are placed in the districts north of Alberta avenue and on the south side, and 46 more will start tomorrow morning. Mr. Walker is the official enumerator but owing to the stress of work in compiling and filing the assessments, he has been unable to do so. He has been delegated to the work of the census by the city council. He has been in the city since the beginning of the week preparing the maps, declarations, etc. for the enumerators. The census is being taken in the city and in the surrounding districts. It has been decided to allow about 1,000 names to each district and at the same time to conform as closely as possible to the polling subdivisions. Each enumerator will be supplied with a map and general instructions for his guidance. A new list of streets has been established which will relieve the doubt of any person as to the right of the enumerators to enter the premises. It is a badge which will be worn by all the enumerators showing that they are entitled to due consideration. Official Enumerator Walker is asking that everyone in the city co-operate with the enumerators in obtaining the information necessary in order that an accurate census may be taken which will be the basis for the next municipal election for the year 1916. It is requested by anyone who may be obtained by telephoning 525 or calling at the city hall. If the public do not see that their names are handed in, it will probably result in their not being able to vote at the next municipal election for the reason that if one is not on the voters' list he cannot vote and the census is also checked upon the voters' list. Mr. Walker.

Sometimes it is convenient for a voter to vote near his place of occupation and for this purpose a column has been made on the census card for the voter to check the place of occupation. Another column has been given for the subject of national origin in order that it may be known how many of the population of the city are of naturalized British subjects and how many are foreigners who are not voters.

ARMISTICE IN NORTHERN MEXICO SAID IMPOSSIBLE

Carranza Replies to Proposition by Planning an Attack on Tampico—General Funston Takes Charge of Vera Cruz—Steamer Fired Upon by Both Federals and Rebels.

San Antonio, Tex., May 1.—While General Carranza has not replied officially to the proposition of the South American mediators for a Federal-Revolutionist armistice, his answer is said by officials here to be plainly forecasted in orders promulgated yesterday for a concentrated attack on Tampico. The federal gunboats and the land defenses at Tampico have proved too big a task for the troops of General Carranza and General Funston, who were issued for the mobilization of 12,000 troops from the states of Coahuila, Tamaulipas and Nuevo Leon. It is reported also that General Francisco Villa, the first soldier of the revolution, will lead the attack.

Refused to sign a son in law of General Carranza, and a leader of the Junta here, is among authorities for the declaration that the armistice in northern Mexico is impossible. Vera Cruz, May 1.—The task of governing the city of Vera Cruz and its environs has been taken over from the city council by Brig. Gen. Frederick Funston and the fifth infantry brigade of the United States army. While martial law still continues in force, the actual municipal government is being conducted by Robert J. Kerr, a New York lawyer, who has been named the ad interim official to act under his supervision and in accordance with Mexican laws. After a morning enlivened by the machine to and fro of large bodies of American soldiers, sailors and marines, the city resumed its normal and somewhat sleepy atmosphere.

PRINCESS DORRIS IS WINNER OF THOUSAND GUINEAS FILLY RACE

Newmarket, England, July 1.—The one hundred and first renewal of the One Thousand Guineas stakes for three-year-old fillies, run over the Rowley mile and the second of the five classic races, was won by Princess Dorris, by Lord Derby's bay filly, started at 10 to 3. Desmond-Verulam, 10 to 1, was second, and Sir John Thurst's bay filly, Torchlight, by John Thurst, was third.

Following the striking victory of Sir John Thurst's Kenmore on Wednesday, the same owner's filly was made a warm even money favorite to-day. While Princess Dorris failed to earn winning brackets last season, she is beautifully bred, being half sister to the famous Derby winner, Sunstar.

Fire Ruins Book House. The firemen at Ninth street about 1:40 this morning. A book-house used by a number of the firemen had caught fire and before the firemen arrived the flames had a good hold on the frame building and it was completely gutted. Fourteen men were sleeping in the house at the time and some of them had to make a hurried exit without having time to save any of their personal effects.

Notwithstanding this, it is felt that by combination between the Admirals representing the United States, Great Britain and Germany at Tampico, some sort of an understanding may be forced upon them, if necessary, that will result in the protection of the oil wells and tanks and of the personnel of the operating forces, the great majority of whom are Americans. That the constitutionalsists might soon succeed in their efforts to take Tampico is said to be the underlying reason for the reluctance of the state department to adopt aggressive measures at this time though it is known that energetic financial initiatives are being incurred that some one must set it in the end.

Guatemala, City, May 1.—A large number of refugees of all nationalities from the states of Chiapas and Tabasco arrived on Wednesday on board the English steamer Acapulco, at San Jose, the small Guatemalan port on the Pacific coast.

Several large estates owned by foreigners have been reserved for 1,500 delegates in 20 of the best hotels in the Queen city of Ontario, and more rooms can be secured if needed.

BRITISH AMBASSADOR DEMANDS NEUTRAL ZONE IN OIL FIELD VICINITY

Washington, D.C., May 1.—Gravity of the situation at Tampico growing out of the fact of the accumulation of oil from the flowing wells in the interior which constitute a great menace to the town itself is aggravated by the fact that the loss of the oil would result in the overflying of the banks. These things and interference with neutral commerce by the Constitutionalsists as exhibited in the firing upon the Ward Line steamer Andilia, at that port prompted Sir Cecil Spring Rice, the British ambassador to confer today with Assistant Secretary Osborn at the state department on a further effort to create a neutral zone in the oil fields of the Gulf.

Washington, D.C., May 1.—The state department already had been considering a proposition by the British ambassador to the effect that a neutral zone be established, covering the oil fields, but so far, no decision has been reached. It is believed that the constitutionalsists are unwilling to enter into any agreement that will restrict activity of their forces in their efforts to force the surrender of Tampico.

Notwithstanding this, it is felt that by combination between the Admirals representing the United States, Great Britain and Germany at Tampico, some sort of an understanding may be forced upon them, if necessary, that will result in the protection of the oil wells and tanks and of the personnel of the operating forces, the great majority of whom are Americans.

CANADA CENTRAL WILL LIKEY GO ABOVE DUNVEGAN

President McArthur Non-Committal Regarding Joining Dunvegan With P.G.E.

TRAINS FROM CITY TO SAWRIDGE SOON

Jumps Into Sunny Alberta Weather From Manitoba No. 1 Hard.

"The Canada Central railway will be extended from Peace River Crossing north of the river to a point above the banks of the Peace river, Dunvegan. It will not go to the old fort at that place, as it is too low, much the same as the flats here in Edmonton, only the banks of the Peace are a great deal higher than those of the Saskatchewan."

This was one of the statements made last night by J. D. McArthur, the contractor who is building the Edmonton, Dunvegan and B.C. road and its subsidiaries, the Alberta and Great Waterways, and is also president of the route. Mr. McArthur arrived last evening and was seen at the Coronet hotel, where he always stays while in Edmonton.

Asked if the Dunvegan road proper would meet the extension of the Canada Central at Dunvegan, Mr. McArthur stated that the latter would not go to what was the old fort at Dunvegan, as it is below the hill. However, it would go two or three miles over, or just above the hill.

Mr. McArthur would not commit himself, stating that "the road was guaranteed by the government to the boundary. He did not deny it, however, adding when questioned further that "we will probably interchange traffic."

That the Dunvegan would be completed, except balancing, right to the north, about 28 miles of steel laid on the Canada Central and through trains running from Edmonton to Sawridge to Vancouver were again confirmed by the president.

You have better weather here than they have said," he stated. "I just came in today from cold weather into warm."

SOUTH AMERICAN ENVOYS WHO WILL MEDIATE

ROMULO S. NAON.

Romulo S. Naon is the Minister of the Argentine at Washington. He was the chief of the diplomats to propose mediation to the United States and Mexico Saturday.

It is contended by the defendant that Wylie pulled the gun out of his pocket in self defence when Julien took hold of him in the bar of the King Edward hotel. Wylie was employed in the campaign against certain city clubs, and had gone into the bar with a man named Hackett, who was a member of one of the clubs, and who was going to introduce him to the club in question. While there a disturbance arose between Hackett and a man named Mailey, who, it is suggested, had been having a drink with Hackett. Following angry words between the two men, Hackett and Mailey, who was a member of the club, where Hackett was standing with Wylie.

At the time, according to the evidence, Julien caught hold of Wylie and proceeded to drag him by the coat collar to the door. Wylie then said that he would go out alone if Julien would let him go. Manager Brady, who was in the bar at the time, told Julien that that would be satisfactory, and asked him to release Wylie. This Julien did, whereupon Wylie was allowed to go. Julien then said that he did so in self defence.

Wylie Locked Up. Julien then telephoned for the patrol and, according to his evidence, he then went outside to arrest a rifle, whereupon Wylie turned upon the constable and said that he would arrest him and proceeded, with the help of two other men, to take Julien to the police station. He did not think accused was sober, but he did not think he had had more than one drink in the hotel.

Evidence Varied. There was a conflict between the evidence of Julien and another constable, C. F. Newell, with regard to the accused's provincial detective's badge. Julien stated that accused had it in his vest pocket, while Newell stated that Wylie had it pinned on his shirt.

VESSEL SINKS WITH SCORES OF PASSENGERS

Pacific Mail Vessel Sinks Messages of Distress by Wireless—Mrs. Francis Burton Harrison, Wife of the Governor General of the Philippines is Among Those in Peril.

Tokio, May 1.—A despatch received here today from the steamer Sberia conveyed the alarming information that Chinese pirates may have had something to do with the reported disaster to the liner Sberia. No details of the accident to the steamer off the coast of Formosa had been received here up to 10 o'clock tonight.

Tokio, May 1.—A despatch from Nankai reports that the steamer Sberia is sinking off the island of Formosa. No details of the steamer's plight are given, but it is known she carries 39 passengers among them Mrs. Francis Burton Harrison, wife of the Governor General of the Philippines.

The steamer Sberia, Captain Zander, belongs to the Pacific Mail steamship line and plies between San Francisco, Honolulu, Yokohama and Hong Kong. The Sberia left San Francisco on April 7 and was last reported from Yokohama on April 27th.

The Sberia is of 3,600 tons burden and was built at New York, N.Y. She is supplied with wireless outfit and it is probable that the news of her serious situation was sent by this means to Nankai.

A later despatch from Tai-Yen, Capital of Formosa, states the Sberia is ashore off the southeast coast of Formosa six miles from main land. The Sberia left San Francisco for Manila by way of Hong Kong on April 27th.

A wireless station on the Japanese coast picked up distress signals sent from the Sberia by wireless to the liner Minnesota, of the Great Northern Steamship company, who was on the way to Nankai.

The Sberia was in communication also with the British Cruiser Minotaur.

George W. Guthrie, the American ambassador to Japan, as soon as he heard of the condition of the Sberia requested the Japanese foreign office to send a warship to her aid. He was informed that the government had already learned of the accident and had sent the Kanto Maru from Yokohama.

Mrs. Harrison came to Japan from Manila for the purpose of being embarked on the Sberia at Yokohama.

GRANDE PRAIRIE IS FARTHEST WEST VILLAGE IN ALBERTA

The village of Grande Prairie has just been constituted by order of the department of municipalities in recognition from the people of Grande Prairie. It is only about a year ago that Grande Prairie was merely a small rural municipality and population at Grande Prairie City has grown sufficiently to justify with the recognition of the village status for the formation of a village council. This is the farthest west village in the province, the village of Fort McMurray being the village of furthest north village, both being situated on the prairie. Grande Prairie is in range 6, west of the sixth and will probably remain the most westerly village in the province for some time to come, unless it shortly becomes a town, which appears likely as there is little settlement farther west than this in Alberta.

EDMONTON JOINS FORCES FIGHTING THE WHITE PLAGUE

Local Tuberculosis Association is Formed to Combat Disease Locally.

Alberta Only Province Without Sanatorium

Dominion Government Has Granted Site for Building Near Calgary.

Edmonton is now in line with the rest of the dominion in the fight against the white plague. At a meeting held in the First Presbyterian church on Monday night, a local tuberculosis association was formed. The association is composed of J. A. McEachern, president, of the Alberta association, president, and stated that the dominion government had granted a site for the erection of a sanatorium.

It was reported that the general assembly numbered about 400 members, consisting of representative ministers and laymen from all parts of Canada, the west being well represented.

Reports from different parts of the church, according to a statement given out last night, indicated that overlapping, once much discussed, is being eliminated by co-operative arrangements between the congregating bodies. The number of independent union churches established is very small and under the influence of the union movement is not as successful as to encourage a move in that direction. These reports also show a lessening of the general question of organic union.

In view of the decision of the general assembly in 1905, that a union should be consummated only when the members of the church were practically unanimous in favor of it, many think, according to the promoters of yesterday's meeting, that the vote having been taken, the question should now lie in abeyance.

DUKE OF CONNAUGHT SIXTY-FOUR TODAY; FLAGS ARE FLYING

London, May 1.—Flags are flying on the government buildings today in honor of Duke of Connaught's birthday. Royal highness is 64 years old today.

Clarence House, the duke's town residence, is in the hands of decorators. The decoration of his home coming will not be unduly delayed.

Half Million for Strikers

Pittsburg, May 1.—The entire defense fund of \$500,000 in the union strike No. 14, United Mine Workers of America was placed in the hands of John P. White, international president of the Mine workers today, for use in helping the Colorado strikers.

Old Soldier Found Shot

London, May 1.—A man 60 years old, who described himself as Major Henry Fitzgerald, an American and believed to have been formerly paymaster on the staff of General MacArthur in the Philippines, was found shot in the Charing Cross hotel yesterday. He died from his wound after he had been conveyed to a hospital.

The police authorities are of the opinion that the man committed suicide.

Steamer Arrival

The Allan line steamer Tuntania was reported 300 miles east of Cape Race at 10 o'clock Wednesday night. She is due in Quebec Saturday night, Montreal Sunday night. The Grampian, of the same line, is expected at Cape Race at Cape Race at midnight on Wednesday; she is due in Quebec Sunday morning and Montreal on Monday.

Fundry Partly Destroyed

The charge and blast of the foundry was partly destroyed by fire after 6 o'clock last night. The blast house on the 2nd floor of the building, many patterns were destroyed and the roof of the building was partly ruined.

Foreman Burned to Death

Atwater, Sask., May 1.—C. Beckman, section foreman of the Grand Trunk Pacific at this point, was burned to death yesterday while asleep in a sleeping car. The car was occupied by the foreman and his family, but the man managed to escape. The origin of the fire is unknown, but it is considered to be purely accidental.

Electrocuted at Work

Selkirk, Man., May 1.—Alexander Marshall, of Winnipeg an employee of the Interior construction Co. met an instant death shortly after midnight yesterday by being electrocuted while at work with an electric grinder on the new railway line at Selkirk.

WANT FEDERAL TROOPS REMAIN IN COMMAND

This Battle of Labor and Capital Biggest Since Whites Fought Indians.

Denver, Colo., May 1.—Apparently peace prevails throughout the Southern Colorado fields this morning. Federal troops are in charge of the "strike zone," and since their arrival at 8 o'clock yesterday no shot has been fired.

The battle of Forbes and Walsenburg on Wednesday resulted in the killing of 14 men, nine at Forbes and five at Walsenburg, ended, at least temporarily ten days of tragedies unparalleled in the west since the red skins and the whites battled for supremacy in the very mountains where capital and labor now are struggling for power.

But the battle is not over. The federal troops may prevent actual bloodshed, but the miners' protest is still on. They believe it means recognition of their union, yet they are not willing to stop so long a strike.

The strikers' protest is still on. They believe it means recognition of their union, yet they are not willing to stop so long a strike.

HUNDRED-YEAR-OLD MISS STILL ABLE TO FIGHT FOR RIGHTS

Brantford, May 1.—"While there is life there is hope" so runs the old saying, and Miss Elizabeth Carvel, 90 Duke St., 100 years old, exemplified that at the city hall when she stood out for the rights of the aged. Miss Carvel complained of the action of her neighbors, some of whom she said would pull the "hook" off her property. "I told them I was going to put a fence up and they said that I would pull the 'hook' off my property," she complained, and added "if they do I will put a bullet through them."

She was born in Ireland and was brought out to Canada as a child arriving here before the war of 1812-14. She was over, for she remembered seeing soldiers at Oakville.

SUMMER RAINING SCHOOL TEACHERS AND INSPECTORS

Interesting Five Weeks Course Will Be Put on at University This Summer.

Teachers Will Have RAILWAY FARE PAID

Agriculture, Gardening, Nature Study, Household Science and Arts.

The summer course for teachers which was held at the University of Alberta last summer was such a success that the minister of education has decided to continue the course. Last year they were merely an experiment, but the teachers of the province showed such a keen interest in the work and so many applications were received that it has been decided to continue the accommodation this year.

About 150 teachers will be provided for. Fifty per cent of those who have last year's course have signified their intention of returning for a second summer's work, and for those advanced work will be provided. Teachers who complete satisfactorily two years' course will be eligible for special grants as may be arranged for by the minister of education.

The course is designed to give the teacher a knowledge of the subjects of agriculture, gardening, nature study, household science and arts.

EVERY NEURALGIC HEADACHE CURED! USE "NERVINE" IT WON'T FAIL

The Miraculous Healing Power of this Liniment is Unfailing.

RUB ON NERVINE

There may be a thousand pains; yet, excepting sciatica, neuralgia is the worst. Most remedies are not strong enough to penetrate enough to relieve neuralgia. You know everything you have tried has failed to give even momentary relief, and you have decided that neuralgia must be borne forever. Do not make this mistake—try NERVINE.

Apply it to the sore spot. Notice the glow that spreads deeper and wider as NERVINE'S curative power is carried further and further into the tissue. How quickly the pain is soothed! How rapidly it lessens! In a little while you have forgotten the pain—it has actually gone.

Neuralgia gives NERVINE an opportunity of demonstrating its superiority over all other pain remedies. Not many, as you might imagine after you have tried it—simply because of the scientific knowledge to the relief of pain.

Nervine is a great outcome of modern medical ideas. You cannot afford to be without it, because pain comes so quickly and comes to us all. Guarantee to cure the aches and pains of the whole family. Large bottles, 50 cents, trial size 25c; at druggists, or the Cashmere Co., Kingston, Canada.

SUFFRAGETTES CAUSE OF A DISTURBANCE AT FASHIONABLE WEDDING

London, May 1.—Suffragettes caused a disturbance at the fashionable wedding in St. James church yesterday of Noel Buxton M.P. and Lucy Detham Burn. Many society people and political friends of the couple were present. While the clergyman was reading the service a well dressed woman, who was identified as Mrs. Buxton, who promised to treat this woman you are about to marry properly, but will not have her in the church, and the most simultaneously a man interrupted the service and both were promptly removed from the church by other members of the congregation.

LEGAL MIX-UP IN METROPOLIS OVER CABARET LICENSES

Montreal Judge Orders Owners Be Given Same; Provincial Officers Refuse.

LAWYER WOULD FINE LATTER \$2,000 DAY

Commissioners Appeal Ruling Which Opens Up More Legal Lanes.

Montreal, May 1.—A legal post-mortem interestingly pregnant in litigious possibilities, follows closely on the heels of the ruling of the provincial commissioners, ordering that licenses be granted to cabaret owners.

L. H. Humeau, collector of provincial revenues, has refused to issue the certificates. Cited for the cabaret owners, he instructed his assistants to open up their establishments in spite of Mr. Humeau's refusal and asserted that they would have the law for it. He has to court and fined \$2,000 a day for every day he refused to grant the required renewal. Cited for the license commissioners, on the other hand, has taken out an appeal against Judge Chabreton's ruling. Cited for the cabaret owners, on the other hand, has taken out an appeal against Judge Chabreton's ruling.

Counsel for the license commissioners report that the taking out of the appeal by the cabaret owners, maintains that the ruling matters not, Judge Chabreton's ruling standing still.

THE GAY WORLD.

Tex. P. G. McQueen leaves this evening for Saskatoon, where he will reside at the opening service of the new Knox Presbyterian church in that city. While in Saskatoon Tex. McQueen will be the guest of Mrs. and Mrs. Wylie Clark at the Manor.

Mr. T. R. Ferguson, K.C. of Winnipeg, is an Edmonton visitor at the Selkirk, for a few days. Mr. Ferguson comes on a Royal Commission from Ottawa.

Mr. and Mrs. Ernest Beaufort entertained informally at cards last evening when two tables competed for honors.

There is to be an organization meeting of the Consumers' League on Friday May 8th, in the Y.M.C.A. parlors at three p.m. Every woman interested in the high cost of living will be cordially welcomed.

The Fancy Dress ball held last night in the St. Andrew School Hall presented a most animated and pretty scene when ladies and gentlemen of every conceivable nationality and station in life, tangled or "un-tangled" or even calmly, so to speak, two stepped or even waltzed, about the brightly lighted ball room. Indeed no more merry a throng has been seen recently judging by their clothes than that assembled to trip the light fantastic. Some wore masks and some only rouge paint for a mask others wore their natural faces and seemed to enjoy every moment of the antics of those en masque. A few headed Scotchmen, who must have shrank in stature after the "real" state of his sword, kept the ball rolling in any part of the room where things seemed to be getting dull. In fact the sword if not the man caused all dancers to gasp continually when in its vicinity as it had a most uncomfortable way of dancing on the floor and getting mixed up with several dancers all at one time and they would frantically extricate themselves only to again encounter the same condition in another part of the room. One has always heard that the "real" is milder than the sword but not on a ball room floor, as no one who encountered such will hereafter "realize" to shudder.

Perhaps the most striking lady costume which was the cynosure of all eyes was the young lady who came as a "baby" wearing a long robe and with fluffy ribbons and cap to match.

Mrs. Roger Trand, as a fisherman, wearing the full costume and cap was something to look at. Mrs. Bissett the aforementioned Scotchman in Highlander Tartan was awarded the gentleman's prize. A few of those present included Col. and Mrs. Jamieson, Major and Mrs. O'Connell, Mr. and Mrs. D. W. Macdonald, Mr. and Mrs. Richardson, Mr. and Mrs. J. McNamee, Mr. and Mrs. D. Trand, Mr. and Mrs. Kenneth McDonald, Mr. and Mrs. Burke, Mr. and Mrs. Frank Smith, Mr. and Mrs. Fitzgerald, Madam Couper, the Misses Couper, Miss Sowden, Miss Beaufort, Miss Campbell, Mr. Baldwin, Dr. Mills, Baron Dombrowski, E. L. Ferris, Mr. Grant and others.

Mrs. W. Mitchell was hostess at a tea last evening in aid of the Everley Presbyterian church, building fund, when about forty guests were present. A deputation from the First Presbyterian church, headed by Mrs. Rangan, another from Gieson church, headed by Mrs. Johnson, ladies and gentlemen from the Highlands and Beverly were also among those present.

Mrs. Mitchell was assisted by Mrs. Norman, Mrs. Foxburgh, Mrs. Dunsmuir and Mrs. Weir.

This is the last of a series of teas to be given in aid of the building fund for the Beverly church of which Rev. P. B. Roxburgh is pastor. The next one will be given by Mrs. Norman at her home in the Highlands sometime next week.

Maple Leaf Encampment No. 10, I. O. O. F. to the number of about 100 couples held their supplementary Cinderella dance last evening in the Empire auditorium and scored their usual success in the way of a jolly good time. The committee having the dance in charge included Messrs. D. P. Ramsey, W. Orchard, C. Cusick, John Campbell and Healey.

The floor committee included Messrs. H. W. Wilson, I. P. Dickey, C. E. Smith and John McCormick.

The ladies reception committee were Mrs. W. Orchard, who was wearing black duchess satin with drapery, black lace and black trimmings, Mrs. Humphrey, who was wearing white velveteen with tiny pink stripes with lace trimmings, Miss Kerr, who was wearing black net over cream satin, with touches of black velvet.

A few of those present included Mr. and Mrs. Orchard, Mr. and Mrs. Blewett, Mr. and Mrs. Drayton, Mr. and Mrs. Chapman, Mr. and Mrs. McDonald, Mr. and Mrs. Thomson, Mr. and Mrs. Lewis, Mr. and Mrs. Nelson, Mr. and Mrs. McLeod, Mr. and Mrs. Crutchley, Mrs. Purdy, Mr. and Mrs. McCullough, Mrs. Karkicker, Mrs. Dickey, Mrs. Roberts, Miss Dickey, Miss Vera Wilson, Miss Lottie Bain, Miss Hoyt, Miss Elma Berg, Miss Brown, Miss Speer, Miss McQuillan, Miss Tennant, Miss Clara Arnold, Miss R. Arnold, Miss Fero MacKulze, Miss Humphreys, Miss Shantz, Miss Walton, Miss Jeanette Sills, Miss Maryette and Messrs. Fyfe, Beaton, Spicer, Brown, Adamson, Barnett, F. R. FREE PHYSICAL CULTURE CLASSES FOR GIRLS ARE AT END FOR SEASON

The Free Physical Culture classes for girls which have been held twice a week in the Victoria high school came to a close on Tuesday evening last. A public exhibition was given to interest the parents and to show to others the work that had been done for girls during the winter.

G. R. Jackson had charge of the evening giving the girls their usual drill and leading them in organized play.

The girls themselves enjoyed the fun most of all and were sorry to leave the gym room knowing it to be their last night till next winter.

The young ladies who have attended the classes showed their appreciation of the privileges enjoyed by making a small but fitting presentation to Mr. Jackson, Mr. West and Mr. Peters.

Mr. Jackson has given his time gratis and in a few words of gratitude to the girls said that it was personal enjoyment for him to be with them and help them in their good times.

Mr. West has been very faithful in his assistance to Mr. Jackson and has taken a kindly interest in the development of the classes.

Mr. Peters who assisted his father in caring for the school made every arrangement possible for the convenience and comfort of the class.

The classes have been well attended for the year. The Empire hotel yesterday afternoon when the reports of committees which were appointed to arrange for lectures in the different school buildings of the city were read and accepted.

Each month a number of girls were given by the girls themselves at which Mr. Carpenter performed a nature talk which was most interesting and instructive as well as entertaining.

Women's Auxiliary of Industrial Association

The members of the Women's Auxiliary of the Industrial Association met in the parlors of the Empire hotel yesterday afternoon when the reports of committees which were appointed to arrange for lectures in the different school buildings of the city were read and accepted.

Several new members were added to the organization yesterday, and most encouraging reports came in from each of the nine districts, in which committees were appointed.

A motion was put and adopted that the secretary, Mrs. O. P. Strang, read and send a letter to the school board, asking permission for the use of the school buildings for the aforementioned lectures, to be sent to the board last evening in order that action could be taken at once in the matter.

On a motion it was decided to have all the lectures given during the coming week which is clean up week in the city, at all of the different school houses and seeds distributed to those desiring same.

Mr. E. A. Potter had generously promised to donate 2,000 packages of seeds for free distribution in aid of the work. Mrs. Alsworth, also conveyed the offer of Mr. Alsworth, to donate 2,000 packages of seeds the latter of which it was decided should be used in the Alexander Taylor district.

Mr. Walter Ramsey of the school board was present and signified his interest in the work and made many helpful suggestions in regard to carrying on the reports 1,000 school children in the public schools.

Mr. Chadwick reported that so far the committee who were to confer with the railway companies in regard to beautifying their grounds had been unable to get in touch with the proper authorities.

Among those who have signified their willingness to deliver addresses were Messrs. Ramsey, McIntosh, Winchester, Morrow, Foley and Von Aueberg.

It was decided that all committees in

WAS TROUBLED WITH BOILS AND CARBUNCLES.

There is no more frequent source of illness than that arising from bad blood, for when the blood becomes impure, it is only natural that boils, pimples, etc. are some other indication of bad blood should break out of the system.

Boils in themselves are not a dangerous trouble, but still at the same time are very painful, and the only way to get rid of them is to cleanse the blood of its impurities. Cleanse it thoroughly by the use of Burdock Blood Bitters, that old and reliable blood medicine that has been on the market for nearly forty years.

Mr. James Wills, Plaster Rock, N.B., writes: "I was greatly troubled, a few years ago, with boils and carbuncles, and the doctor told me I was in a bad way. My appetite failed me, I began to lose strength, and was pretty well run down when one of my friends recommended Burdock Blood Bitters. After using three bottles I began to feel like another man. My troubles soon left me, and to-day I am certainly glad Burdock Blood Bitters a high recommendation to my friends."

Sale of Slightly Used Pianos and Players

AT
Purse Opening Prices

MANY of the Pianos we advertise are makes we carry in our regular line, all of which were new and fresh from the factory a short time ago. Some of them have been in use less than sixty days, a number have been out on hire a short time, a few have been sold and a considerable amount paid on them, and re-possessed on account of unexpected conditions, which made it necessary for the purchaser to move out of the country, others have been taken in exchange for AUTONOLAS and OUR CELEBRATED MASTERS PLAYERS.

Every one of these instruments that showed any wear at all has been put through our shop, and thoroughly overhauled and regulated, and are now in perfect condition. Further comment is unnecessary, except to say that our reputation is back of every one of these instruments and we thoroughly guarantee them in every way, and unhesitatingly say they are the finest collection of slightly used pianos ever offered in the West.

MOVING PICTURES AT BIJOU TO TEACH THE CARING OF THE TEETH

The Edmonton Dental society, which is contributing free of charge a member of the association each half day throughout the year to care for the teeth of the children in the public schools of the city, has succeeded in obtaining a moving picture reel entitled "Toothache," prepared by the Toronto Dental society.

They have obtained the co-operation of the public school board and through the generosity of the management of the Bijou theater on First street the reel will be exhibited free of charge to the pupils of the public schools of the city tomorrow.

In this graphic manner it is intended to teach the children the proper care of the mouth and teeth. The film has been exhibited in many Canadian cities and has been universally approved. The society desires to commend it to the attention of the members of the medical profession and to parents in general. It will be run in the Bijou all today and evening, and will well repay a visit to this popular picture house.

There will be no admission without tickets, which are being distributed through the various schools to all pupils in Grade III, and over.

LAURENCE IRVING'S
TYPHOON PLEASES
EMPIRE AUDIENCE

Laurence Irving opened his engagement at the Empire theater last night with that celebrated Japanese play "Typhoon," in which he starts the audience by the wonderful realism, the splendid power and the sincerity of his acting. The version of the play which Mr. Irving stages was written by himself from the book by the author Melville Leisy. There is no doubt that the audience that witnessed the play last night believe it is one of the most arresting and most fascinating dramas ever seen in the city. It deals with the great problem of race-collecting, respect of two highly developed but completely different civilizations, one upon the other.

Takaram, a young Japanese doctor of letters, entrusted by his government with a weighty and perilous diplomatic mission in Paris, becomes enamored of a beautiful Parisian coquette, Helene, to whom he devotes much of the time that he would otherwise have given to his duties. Their passion develops into sincere love, and he is upbraided by his fellow countrymen, but is unable to break the bonds that bind him, until a fit of jealous fury she insults the honor of the Mikado, bursting forth into flame all the smoldering fire in Takaram's soul, and causing him to strangle her. The rest of the story is concerned with the efforts of the Japanese to outwit European justice and fit the responsibility of the crime upon a less important member of the colony, who is but one of many, ready and anxious to give their life for the cause, that Takaram, in order to complete his mission to the glory of Nippon.

The third act shows the room of the investigating judge during the progress of the supposed murder trial, but no remorse has entered the little man's soul, and when his work is finished he summons his friends to drink with him a farewell draught for his life and then returns behind the scenes, he offers to Nippon, the supreme sacrifice, and changes his world.

ECZEMA, BLISTERS
ON ARMS AND LEGS

Suffered Seven Years. Itching and Burning. Did Not Sleep Half the Night. Cured Completely by Cuticura Soap and Ointment.

Miss Young, St. Toronto, Ont.—My sister suffered for seven years with eczema. The trouble began on her arms and legs in white blisters and she scratched. Her clothes were rough around her legs and she suffered from itching and burning and loss of sleep; she did not sleep half the night.

"We used—Cuticura—Cuticura—Cuticura—and it did not seem to do any good until we got Cuticura Soap and Ointment by mail. The cure was completely cured." (Signed) Miss Jennie McLaughlin, May 10, 1913.

HANDS ROUGH, BADLY CRACKED
Mulliken, Ont.—During the cold winter weather I was troubled with chapped hands and a rash on my face caused by sharp cold winds. My hands were very rough and were badly cracked open and if I went out in the cold air they always bled. I could not do any regular work. I used salve, cold cream and other remedies and still they were not helped. At last I tried Cuticura Soap and Ointment. I sent for some and applied it to the affected parts and immediately found relief. My hands and face were cured within a week. (Signed) Miss Jennie McLaughlin, May 10, 1913.

TARTAR BAKING POWDER
A pure, healthful, Cream of Tartar Baking Powder

When buying an article of food you are entitled to know exactly what you are buying—its quality and ingredients.

If this information is refused don't buy it. Some of the low grade baking powders are advertised, but the ingredients of the powders are scrupulously concealed.

A housekeeper would not use a baking powder containing alum if she knew it.

It is well when buying to examine the label on the can. Unless it shows the ingredient cream of tartar, don't buy it. Dr. Price's baking powder is absolutely free from alum.

scene reverts to England, where Lord Kerth is seen dying from an injury he received in a polo game. With his last breath he writes a confession and exonerates Carson. Carson's friends then endeavor to prevail upon him to return to England, and assume the estate originally his, but Jim remains on his ranch, realizing that his wife would never endure in English society. He decides to send his little boy to England to be educated. Nat-U-Rich, the lively, suspicious as are Indians, fearing he is to be robbed of the love and companionship of her son and misconstruing her husband's intent in sending the boy to England, suicides.

Carson's friends arrived on the scene, and he meets Kerth's widow, his first love, and as the picture slowly fades away they are seen laughing at each other in that all-meaning way. "The Squaw Man" as a film drama is a vivid, and thrilling, the action of the play being in the great American west, and the film allowing scope for magnificent situations and potent climaxes not possible on the stage.

"THE BELLS OF AUSTIN" IS SPECIAL ATTRACTION AT THE BIJOU THEATRE

The Bijou Photo-play theater presents another of its finely selected programs, particularly worthy of note is "The Bells of Austin," a picture of the variety, and excellent in its execution. The national tone of refinement and dignity is apparent as it is always apparent in the Bijou program.

"WRECKED IN MIDAIR" IS A GRIPPING TALE SHOWING AT EMPRESS

A realistic and gripping story of a daring fight between an aeroplane and an automobile presented with an eloquence and realism that makes the picture one of the most marvelous films that has been shown in the city for some time. The feature program at the Empress for today and tomorrow, "Wrecked in Mid-Air," a picture in three parts, produced the strongest of the European manufacturers. It is the film. It combines sensationalism and the elements of good story and intelligent action.

Morgan and Clarke, aeroplane manufacturers, are partners. Morgan is father of a charming daughter named Betty, and leaves the business deal to Clarke, a shrewd and unscrupulous man. While he is getting rid of Morgan, Clarke bribes two employees to swear that Morgan ordered them to send a duplicate of a machine order to the government to another power. In the inquiry, affected by Morgan's grief, the employees break down and confess the truth. Clarke becomes a bandit in a mountainous section some miles from the city.

Some months later Bill Sanderson, chief aviator and sweetheart of Betty, is captured by Clarke's bandits and carried away in his automobile. A desperate battle ensues, in which Betty is captured. They escape from Clarke's camp at midnight and start the search for their hundred feet in the air before a shot from Clarke's rifle ignites the duplicate of a machine order, which explodes, and hurling Bill and his sweetheart to the ground amid the debris. In a desperate mine for safety, keeping Bill discovers several kegs of powder, which he explodes, blowing them and rock into the camp. With Clarke on his knees, the survivors escape to Betty's father and a subsequent minister is made may.

"Sunlight," a beautiful love drama with Francis X. Bushman in the leading role, together with a number of other good reels, will be exhibited, this evening.

"THE SQUAW MAN," NOW AT MONARCH THEATRE, IS FASCINATING PLAY

Today and tomorrow the Monarch offers that well-known play, "The Squaw Man," with Duke and Lasky in six parts. This play is staged by the well known directors, Cecil B. DeMille and Oscar Apfel, produced by Jesse Lasky, and written by Edwin Milton Boyda. There are 249 scenes with 160 actors and actresses, most of them well known stars.

The story is about a man named Wynne, who is the son of a rich man and is made guardian of a fund for the protection of widows of the soldiers of his regiment. By means of a forged check he secures part of the money and sails for South America. While out a couple of days, the schooner catches fire and burns to the water's edge. He is rescued by a ship bound back to America, and while on it meets a weathered, who induces him to go west with him. He later becomes a big ranch owner and cattle breeder.

On the meantime the actions of Wynne cause the hatred of a man named Cash Hawkins, who had made a fortune on his life, which he successfully frustrated. At the final attempt on Carson's life by Hawkins, Carson is killed. Hawkins is then slain by Nat-U-Rich, a little Indian girl, who is secretly in love with Carson. Nat-U-Rich later saves Carson's life again, and out of gratitude Carson marries her. Many thrilling scenes occur during the story, and at the while the strife is seeking the murderer of "Cash" Hawkins. A child comes to the world only by us. Carson and Nat-U-Rich, and then the

Alderman Driscoll Suspects Sharp Work—Another Meeting this Afternoon

At the meeting of the parks and markets committee of the city council, with Alderman Campbell added, held yesterday afternoon to open tenders for stock yard sites, H. P. Kennedy, who has an option on part of one of the sites under consideration, in reply to a question of Alderman Driscoll, his option called for his purchasing the southeast quarter of section 24, comprising approximately 100 acres, and lying between the Canadian Northern tracks and the Fort trail.

That part of this proposed subdivision comprises 20 acres of the subdivision known as Kennedale, which Mr. Kennedy owns outright. The option on the quarter is to buy the land at \$500 an acre. Mr. Kennedy has paid a total of \$2,500 for his option, and has made an offer to the city at \$2,500 an acre, which would give him a profit of about \$40,000 on this part of his land. All the sites offered lie in township 53, and ranges 23 and 24. The prices submitted ranged from \$100 to \$4,500 an acre, and were as follows: The north half of section 24, \$700 an acre. The southeast quarter of section 25, \$1,200 an acre, except that portion lying between the Fort trail and the C.N.R. for which \$1,600 an acre is asked. The southwest quarter of section 24, \$300 an acre, with 20 acres of the southerly portion of Kennedale at \$1,500 an acre. This is Mr. Kennedy's offer and averages practically \$1,120 an acre. That part of the northeast quarter of section 25, north of the Fort trail, \$700 an acre.

Approximately 26 acres in the triangle lying north of the G.T.P. and south of the C.N.R. tracks, \$4,500 an acre. It will be noticed that the 20 acres in Kennedale of the proposed Kennedy subdivision, which the mayor secured and lies between it and the railway yards and packing plants.

W. Stuever and J. W. Stambaugh, D. Warner and others interested in the establishing of stock yards in Edmonton, have been the besting H. P. Kennedy spoke in support of the union stock yards, and Alderman Driscoll has been the besting that Mr. Kennedy had employed a little sharp work in obtaining his property. Mr. Kennedy stated that he had formed his plan in 1911, when he decided to purchase the land. He had used his knowledge and experience as a stockman. He first secured an option in June, 1912, which expired last December. After continuous negotiations he was able last March to secure an option again for \$2,500, or the \$2,000, originally paid in with an additional \$500, and that option would expire June 1.

M. Rummel, of the firm of M. Rummel & Co., stated that he had tried to sell Mr. Kennedy's property before the latter had bought it, but had been informed by the owner that Mr. Kennedy had secured an option in March on the property for \$250 per acre. Mr. Rummel stated that he was endeavoring to get the property to sell to the city for the usual brokerage commission for stock yards, but was of the opinion that the property now held by Mr. Kennedy was the most suitable for union stock yard purposes. In the event of the renewal of his option and secured same about eight days ago.

Alderman Driscoll stated that he was in favor of the stockyards, but was sorry to see that the city might have been able to buy this property for \$200 an acre and now had to pay over \$1,100 if it was decided to purchase the property as the most suitable site. Commissioner Harrison stated that the buildings proposed would cost in the neighborhood of \$100,000, and this would make a total of approximately \$200,000, if the Kennedy property were secured.

Our big Harmony Laboratories in Boston have caught up with their orders now and so we want have to disappoint any who are using Harmony Hair Beautifier and want more of it, or any who have been advised by your friends to use it. We can now fill all demands, even if it becomes even more of a rage than it is now.

Harmony Hair Beautifier is just what it is named—a hair beautifier. It is not a hair dye or hair oil—but a dainty, rose-perfumed liquid dressing to give the hair its natural gloss and brilliancy, waxy softness, rich beauty. Easy to apply—simply massage a little on your hair each time before brushing it. Cures no rot, and will not change color of the hair, nor darken gray hair.

To keep your hair and scalp dandruff-free and clean, use Harmony Shampoo. This pure liquid shampoo gives an instantaneous rich, lather that immediately penetrates to every part of hair and scalp, insuring a quick and thorough cleansing. Washed off just as quickly, the entire operation takes only a few moments. Contains nothing that can harm the hair; leaves no harshness or stiffness; yet a sweet-smelling cleanliness.

Both preparations come in odd-shaped, very ornamental bottles, with sprinker tops. Harmony Hair Beautifier, \$1.00. Harmony Shampoo, 50¢. Both guaranteed to satisfy you in every way, or your money back. Sold only at the more than 7,000 Retail Dealers in all the towns only by us. A. Archibald, Brimington, 311 Jasper St.

Discussion on H. P. Kennedy's Offer of Optioned Quarter and Part Kennedale.

PRICES ASKED RANGE FROM \$700 TO \$3600

Alderman Driscoll Suspects Sharp Work—Another Meeting this Afternoon

At the meeting of the parks and markets committee of the city council, with Alderman Campbell added, held yesterday afternoon to open tenders for stock yard sites, H. P. Kennedy, who has an option on part of one of the sites under consideration, in reply to a question of Alderman Driscoll, his option called for his purchasing the southeast quarter of section 24, comprising approximately 100 acres, and lying between the Canadian Northern tracks and the Fort trail.

That part of this proposed subdivision comprises 20 acres of the subdivision known as Kennedale, which Mr. Kennedy owns outright. The option on the quarter is to buy the land at \$500 an acre. Mr. Kennedy has paid a total of \$2,500 for his option, and has made an offer to the city at \$2,500 an acre, which would give him a profit of about \$40,000 on this part of his land. All the sites offered lie in township 53, and ranges 23 and 24. The prices submitted ranged from \$100 to \$4,500 an acre, and were as follows: The north half of section 24, \$700 an acre. The southeast quarter of section 25, \$1,200 an acre, except that portion lying between the Fort trail and the C.N.R. for which \$1,600 an acre is asked. The southwest quarter of section 24, \$300 an acre, with 20 acres of the southerly portion of Kennedale at \$1,500 an acre. This is Mr. Kennedy's offer and averages practically \$1,120 an acre. That part of the northeast quarter of section 25, north of the Fort trail, \$700 an acre.

Approximately 26 acres in the triangle lying north of the G.T.P. and south of the C.N.R. tracks, \$4,500 an acre. It will be noticed that the 20 acres in Kennedale of the proposed Kennedy subdivision, which the mayor secured and lies between it and the railway yards and packing plants.

W. Stuever and J. W. Stambaugh, D. Warner and others interested in the establishing of stock yards in Edmonton, have been the besting H. P. Kennedy spoke in support of the union stock yards, and Alderman Driscoll has been the besting that Mr. Kennedy had employed a little sharp work in obtaining his property. Mr. Kennedy stated that he had formed his plan in 1911, when he decided to purchase the land. He had used his knowledge and experience as a stockman. He first secured an option in June, 1912, which expired last December. After continuous negotiations he was able last March to secure an option again for \$2,500, or the \$2,000, originally paid in with an additional \$500, and that option would expire June 1.

M. Rummel, of the firm of M. Rummel & Co., stated that he had tried to sell Mr. Kennedy's property before the latter had bought it, but had been informed by the owner that Mr. Kennedy had secured an option in March on the property for \$250 per acre. BALL TEAM SHOWS CLASS IN FIRST PRACTICE GAMES

Diamond Park Scene of Busy Bustle of Nordyke's Crew.

The fans had their first glimpse of the Edmonton baseball team yesterday afternoon, when a couple of hours' practice was indulged in. Three or four hundred fans were scattered over and among the bleachers and grandstand and seemed to be a pretty satisfied bunch at the showings of the team as a whole.

During practice was indulged in for the first hour and then, much to the delight of everybody present, the infield practice held, the batters and basemen, infielders and outfielders alike, came in for considerable flattery and commendation. Nardyke on first looks like the best that ever struck the league. He shows the high one and grabs the low ones, and can be counted upon to be always on or around the neck to receive the throw.

Hedlund was on second, and looked like the same old "Red" grabbing everything in sight and covering the base like a tent. Reddick and O'Brien alternated at shortstop, and while not getting just all that came their way, owing to the soft diamond, showed up well, and it will be difficult to decide which one will fill that position at the opening game.

Foot Ball, at third, showed that he is the right man in the right place, and hardly looks like the player of last year. His position at the difficult corner is assured. Catcher Lemieux from the New England states, looks like the pick of the trio of catchers that Nardyke has to choose from. He's on the jump from the word go and never lets up and keeps the infield working at top speed at all times. "Stub" Spencer is working better than ever, and will be a hard man to keep off the team, while Nardyke showed a great wing when it came to getting to bases. He gets them down perhaps better than either of the other pair.

All the pitchers had a trial yesterday, but of course, did not show anything but had a good warm-up and showed them over in fine style. Their real ability will not be known until seen in action in a hard game. Russell, the big left hander, from the California League, looks like the goods, and is big enough to go to the full nine innings at top speed. Stallion, Dickerson and Clayton each had their turns on the mound.

The outfield is perhaps the strongest portion of the team and will cover a lot of ground when it comes to the big games. Gullie, a Scotchman, is a real top-notch when it comes to grabbing the long ball ones, he's very much there. Povey and Fortier, the other two men are in his class and this trio should be about the best in the league.

The opening day parade is going to be the best ever. The committee in charge are making all preparations to make the parade the greatest show of the kind ever seen in the city. A partial half holiday has been declared by the mayor. He will pitch the first ball and the lieutenant-governor will catch

"Knockouts"

George Carpenter will be champion of the world if he only had to meet English heavyweights. He got another the other evening, an amateur.

But Nelson's voice, sounding from the wilderness, says that it cost him \$1,000 to cast his first vote, but we have never heard of any person being arrested for holding him up. Nothing but a shooting iron would get that much out of him in one chunk.

Idle curiosity would not tempt many men to enter a ring from which they were sure to be knocked out in less than two minutes. The "pluck" of young George Mitchell, the young English amateur boxer, in going up against the French champion, Georges Carpenter, was much like that of the man who tried to get through to the next block by ramming his head against a brick wall.

Jack Johnson will become a naturalized Frenchman, having taken out his preliminary papers. It will be immense to hear him give the parlez-vous language the once over.

Somebody says that Jess Willard is the greatest heavyweight in the world, which is not much of a boast. North Edmonton vs. Edmonton, Dragons vs. Wanderers.

MARATHON AND RELAY RACE FOR MONTREAL SPORTS

Montreal, May 1.—Montreal will have the first full distance marathon road race ever run in Canada on Wednesday, September 3, in connection with the Cartier celebration. The most valuable prizes ever offered for an event of this kind will be awarded and it is the intention to bring to this city the best amateur long distance runners in the world. Jas. H. Sullivan, a member of the athletic committee is secretary of the American amateur Athletic union. A relay race such as the one held in Philadelphia last Saturday also is promised in connection with a track and field day.

City Football League.

The opening game in the senior division of the Edmonton Association Football league will take place at Diamond Park this evening, commencing following 8.05. Players are requested to be at the grounds not later than 6.15. Parker, Morgan, Gillespie, Astern, Kelson, Eastham, Bradford, Gregory, Ockenden, Coward, Jennings, Christie, Hillside and Rawlins.

SASKATOON HERE MONDAY.

Saskatoon, May 1.—All is well with the Quakers, who are finishing the training season at Reed Deer, preparatory for the opening game at Edmonton on Monday. Hurley does not shine as a press agent, and his rule is to let deeds and not words speak for his team's ability. He believes he has set the season with all confidence.

Gilbert Gallant and Red Watson are going to clash again in a 20-round bout. Promoter Clifford of San Francisco has matched the pair for May 1.

BABCOCK AND WILCOX, OF MONTREAL, RECEIVE BOILER HOUSE CONTRACT

The contract for the new boiler house was awarded to Babcock and Wilcox of Montreal for \$125,000 by the commissioners meeting held this morning.

Jackson Brothers and the Edmonton Iron Works will divide the contracts for manhole covers and lampshades. A short time ago a communication was sent to the commissioners from the Trades and Labor council to the effect that the Edmonton Structural Ironworkers had been granted an increase in their schedule of wages. The matter was referred to the Builders' exchanges and the provincial government for confirmation. At this morning's meeting of the city commissioners the Builders' exchange notified the city commissioners that they have had no request for increase in wages from these people and are therefore unable to confirm the report.

CONTRACT LET FOR HIGHLANDS SCHOOL

Cost is Reduced \$11,000 by Eliminating Second Floor Finishing.

RICHARDSON ASKS SOUTH SIDE TECH.

Tenders to Be Asked For Additions to Rutherford and McCauley Buildings.

To have the Highlands school completed as it was at first planned was the decision arrived at last night by the school board at its special meeting. It had been suggested that the school be reduced to eleven teams, or that only the rooms immediately needed be finished. This idea was voted down, however, and it was decided to go right ahead with the work. The special committee appointed to look into the matter stated that Reid, McDonald and Brewster, contractors, were willing to reduce the contract price by \$11,000 by leaving the interior of the second floor unfinished, on condition that they be given the contract for the addition to the Rutherford school on a ten per cent basis. (Continued on p. 10.)

The matter of a temporary technical school for the south side was brought up by W. L. Richardson, director of technical education, who stated that the school could be fitted up for about \$5,500, if some of the apparatus required is loaned by some of the city firms. He stated that the distance was too great for those living on the south side to attend the evening classes in the present technical school. If Director Richardson's recommendations are approved two rooms and the building on the ground floor will be devoted to woodworking, cabinet-making, carpentry and building construction; the assembly room on the third floor will be used for mechanical, machine and architectural drawing; art, aquiline design and clay modeling will be taught in one room on the third floor; sewing, dressmaking and millinery instruction will be given in the second floor; and also bookkeeping, shorthand and typewriting. Gas engines and apparatus for elementary physics and chemistry will be installed in the basement, and academic work, in both day and evening classes, relating to the occupation of technical and industrial workers, will be done in two rooms on the ground and second floor.

The offer of the Edmonton Electric association to purchase the cinematograph film, "Toshoche," at a cost of \$10 was accepted. The arrangement for the attendance of the school children were left in the hands of Superintendent Richardson.

Tenders will be invited for the construction of an addition of eight rooms to the Highland school and a four-room addition to the McCauley school.

CONSTITUTION RELIEVED ENTIRELY AT OUR RISK

Unless Resall Ordinances relieve you from troubles and make you feel like coming back to thank us for telling you about them, then come back anyway, and ask us to give you back your money. This is just as strong as we can make it strong, because we believe that Resall Ordinances are the best kind of remedy.

Soothing and easy in action, they cleanse the bowels, thoroughly thinning and stimulating the food and making it easy to pass. They promote regular bowel action, help to promptly relieve constipation and overcome its cause. In these things they differ from all fast-fooded, harsh, disagreeable salts and other physics, which usually give only temporary relief and often leave the bowels in worse condition than ever. They taste like candy and even children like them. They are particularly good for children and for delicate and aged people. In vast pocket tin boxes, 10c, 25c, 50c.

You can buy Resall Ordinances only at The Rexall Stores, and in this town, only at J. A. Archibald, Druggist, 212 Jasper E.
